If you are a start-up or a small business, you can also support REFSQ2020 with a special **GREEN** package

REFSQ: The European Conference on Requirements Engineering

The REFSQ working conference is the leading European conference series on requirements engineering. It is the goal of REFSQ to foster the creation of a strong European RE community across industry and academia.

Since 1994, when the first REFSQ took place, Requirements Engineering continued to be a dominant factor influencing the quality of software, systems and services. REFSQ seeks contributions which report on novel ideas and techniques that enhance the quality of RE's products and processes, as well as reflections on current research.

Your Sponsorship

By supporting REFSQ as a sponsor, you take an excellent opportunity to spread your brand and company values across a large community of excellent researchers and industry experts of the Requirements Engineering domain.

REFSQ has a long tradition of being a highly structured and interactive forum. The special format of each session includes the three roles presenter, discussant, and session chair, yielding into highly interactive sessions, filled with discussions among the excellent researchers and industry experts.

Besides a high-quality scientific program, REFSQ also features a highly interactive Industry Track, a Doctoral Symposium and Workshops matching the demand and supply of empirical studies on Requirements Engineering among researchers and practitioners.

Choose one of the several sponsorship packages Platinum, Gold, Silver, Bronze and Green (only for start-up and small business).
